

K-LOVE is a service to me in my community. I listen to this station everyday, throughout the day. I listen to it in my car, as well as at home. It is uplifting and encouraging. I do not know what I would do without it. The community is best served with this positive and encouraging message being sent across its airwaves. It is a uniting message that brings faith and love into our lives.

It is in the interest of this community to keep K-LOVE on the air in our area. Please do all you can to keep our station in the area. Thank you.
